Subject: Sitrep: Night Shift 5/8/10

Warren,

Chalmette:

- Air monitoring and sampling night crews worked through the period from 20000 5/7/10 to 0600 5/8/10.
- No problems with equipment or sample media.
- Collected 3 SUMA canisters for lab analysis from C01, C02, and C03
- All sampling information was published during the night, with plans to publish at noon on 5/8/10
- All crews reported safe working conditions, no odor or visual detection of oil.

Venice:

- SUMA canisters collected for lab analysis from V02, V03, and V05.
- Data-Ram instruments downloaded from 2 out of 3 locations. Communication issues prevented the download of the third. Crews are trouble shooting the problem.
- No other instrumentation issues to report
- No health and safety issues to report
- No olfactory or visual observations to report
